

SAISHUBHAM LAISETTI

M.Tech Computer Science & Engineering / NIS - RA

cs24mtech12015@iith.ac.in
+916300654096

Degree	University/Institute	Year	CGPA/ Marks(%)
M.Tech Computer Science & Engineering / NIS - RA	IIT Hyderabad	2027	7.65
Bachelor of Engineering in Artificial Intelligence and Data Science (AI & DS)	Anantrao Pawar College of Engineering and Research	2024	9.16
XII (Telangana State Board of Intermediate Education)	Sri Aakash Junior College	2020	88.30%
X (Board Of Secondary Education Andhra Pradesh)	KNARAYANA HIGH SCHOOL	2018	8.30

WORK EXPERIENCE

Web Development and Designing Intern at Oasis Infobyte

PROJECTS

Autonomous Driving Perception & Tracking System | ROS2, C++, Python, YOLOv8, LiDAR, EKF, ByteTrack, DBSCAN, Hybrid A* | [\[Link\]](#)

- **Reduced localization error ~90%** by fusing camera + LiDAR with EKF, achieving **0.12–0.14 m MAE** vs. 0.39–1.45 m baselines.
- **Improved tracking accuracy +26.2 pts** by combining ByteTrack + EKF, reaching **93.4–94.6% MOTA** under occlusion.
- **Enabled end-to-end autonomy** by integrating YOLOv8, DBSCAN, LiDAR segmentation into a **modular ROS2 pipeline** across Datasets.

SecureWebApp

- Built a **PHP web app** for registration/login, profile management, search, transactions, and secure sessions.
- Applied **security best practices**: input validation, prepared SQL statements, safe session/cookie handling, and activity logging.
- **Containerized with Docker** for reproducible setup, testing, and demonstration of secure PHP coding paradigms.

JLPT N5 Trainer — Interactive Japanese Learning Platform | JavaScript, HTML/CSS, IndexedDB, Web Speech API | [\[Live Demo\]](#)

- **Improved learning retention** using **Leitner 5-box spaced repetition**, prioritizing **missed vocabulary for adaptive review**.
- **Streamlined JLPT preparation** through **adaptive quizzes and 12-week study plans**, enabling **structured daily practice**.
- **Enhanced learning continuity** with **IndexedDB persistence**, retaining **progress, streaks, and exam history locally**.

Distributed Task Queue System with Priority Scheduling

- Engineered a **high-performance task queue** with priority scheduling and concurrent task execution using Python's threading and queue modules.
- Implemented core components including worker management, task prioritization, and status tracking with **O(1) task lookup**.
- Designed for reliability with error handling, task retries, and graceful shutdown procedures.
- [Tech Stack]: Python, Threading, Priority Queue, Producer-Consumer Pattern, Concurrent Programming

High-Fidelity Synthetic Data Generation Using WGAN-GP with Gradient Penalty

- Implemented a **WGAN-GP** model with **gradient penalty** for synthetic data generation
- Developed evaluation framework with KDE plots and correlation analysis.
- Optimized model performance for effective data augmentation tasks.
- [Tech Stack] : Python, PyTorch, scikit-learn, NumPy, Pandas, Matplotlib

PUBLICATIONS

Drowsiness Detection System: Stay Alert Stay Alive [\[Link\]](#)

SKILLS

- **Libraries / Tools** : C/C++ , Python , Numpy , Pandas , Pytorch , Matplotlib , Hugging Face.
- **Concepts** : Machine Learning, Deep Learning (Attention, Transformers), NLP (BERT), Computer Vision.
- Solved **300+** questions on Leetcode and GFG
- **Web Technologies** : HTML, CSS, JavaScript*, PHP*.

POSITIONS OF RESPONSIBILITY

- **Strengthened campus placements** as **OCS Placement Coordinator**, coordinating **recruiter–student communication** for smoother operations.
- **Organized 12+ cultural events annually** through **SPIC MACAY**, coordinating **monthly programs** promoting Indian arts and heritage.
- **Drove event engagement** as **Anchor for E-Cell Milan 2024**, managing **live hosting and audience interaction**.
- **Expanded educational outreach to 7+ government schools** through **Prayas**, providing **career guidance** to rural students.
- **Improved dining standards for 5,700+ students** by monitoring **food quality, hygiene, and feedback**.

EXTRACURRICULAR ACTIVITIES & ACHIEVEMENTS

- **1st Place – Japan Sports Day** for **2 consecutive years**, demonstrating sustained **cultural and athletic engagement**.
- **Inter-IIT Sports Meet**: Set the **best Men's 800m & 1500m records** at IIT Hyderabad to date.
- **Gold Medalist – Men's 800m**, Milan 2025 Inter-Hostel General Championship, IIT Hyderabad.
- **Silver Medalist – Men's 400m**, recording a **1:00.65 personal best** at the **IITH Athletics League 2025–26**.
- **Full Marathon Finisher**: Completed the **42.195 km NMDC Hyderabad Marathon 2025**.
- **Cricket: Gold Medalist (2026) and Runner-Up (2025)** at the **CSE Day Cricket Tournament**.
- **Gold Medalist – Badminton**, CSE Day Badminton Tournament 2026.
- **Top 30 Contestant & Highest Prize-Money Winner** in **Meelo Evaru Genius**, competing among **1,000+ students**.

RELEVANT COURSES

Spoken Japanese Basics | Linear Optimization | Fraud Analytics | Advanced **Data Structures and Algorithms** | Practical Malware Analysis | **Foundations of Machine Learning** | Network Security | **Tensor**: Techniques, Algorithms & Applications, Data Mining | Representation Learning

INTERESTS

- **Research**, AI & ML, **Athletics**, Cricket, Badminton, Trekking, Reading Books.
- **Formula 1** and I am a big fan of **Lewis Hamilton**

LANGUAGE LEARNING

- **Learning Japanese** (spoken & written) through **self-study and coursework** in Spoken Japanese Basics.
- **Preparing for JLPT** with plans to appear for the **2027 examination**.
